

Career Exploration Worksheet

Log into careercruising.com. Click on the "assessments" tab at the top of the page and then take the "career matchmaker" survey. After you answer the first 39 questions, click on "answer more questions" to improve your results. Choose the first two results in your career list and answer the questions below.

Name your first career (from your careercruising results):

Give a short description of the job?

What are the working conditions for this career?

What is the salary range?

What level of education is recommended? What programs of study are recommended? Name three schools where this program is offered.

Name 5 related careers that might interest you.

Name your second career (from your careercruising results):

Give a short description of the job?

What are the working conditions for this career?

What is the salary range?

What level of education is recommended? What programs of study are recommended? Name three schools where this program is offered.

Name 5 related careers that might interest you.
